ARCSTONE

PT Advis Consulting Indonesia

Advis Consulting

advisconsulting

www.advis-consulting.com

OUR MISSION

To improve profitability of manufacturing industries through consulting, implementing, and training.

OUR VISION

To enable nasional manufacturing industries to compete in the era of Industry 4.0

Core Values

Competent

Our consulting team has a unique blend of strong educational background and massive experience in the manufacturing field that enables to improve client's real performance.

Adaptive

We continuously adapt the development of system and technology to be able to give best contribution to our clients.

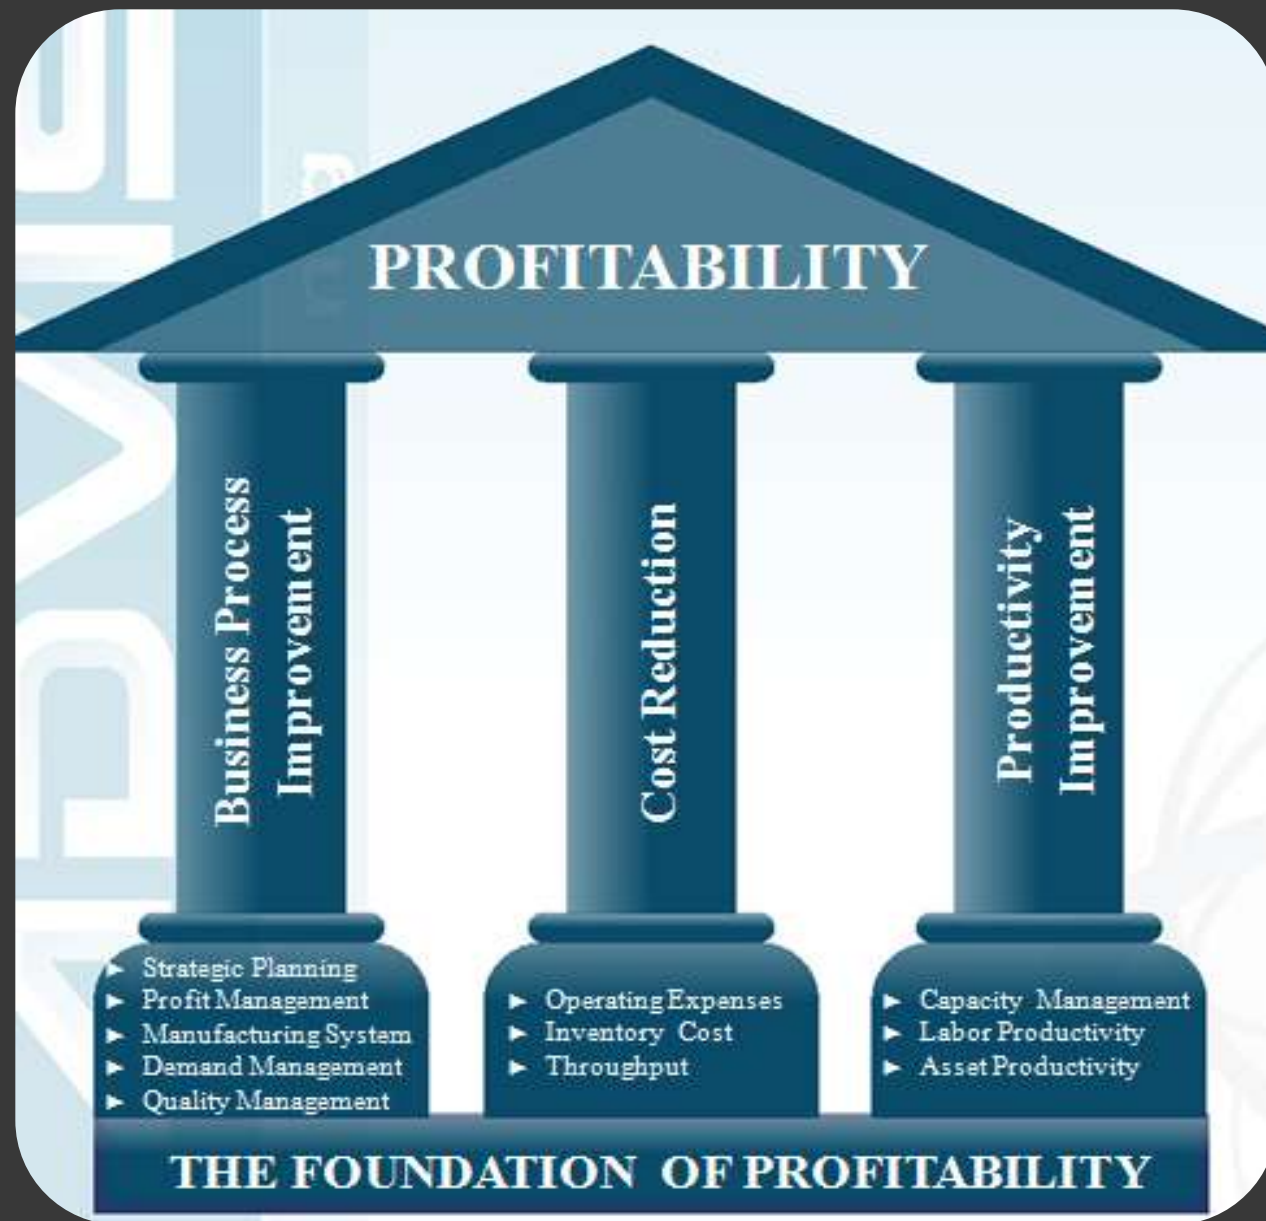

Down To Earth

Systems and methods will be proposed, designed, and implemented only after considering client's corporate culture and resource capability.

ADVIS'S VIEW ON PROFITABILITY

ADVIS CONSULTING CONTRIBUTION TO IMPROVE PERFORMANCE OF MANUFACTURING INDUSTRIES

Production / Operations System

- Reducing manufacturing lead time
- Improving delivery reliability
- Reducing operational cost
- Reducing waste in production area
- Increasing labor & asset productivity

Industry 4.0 System

- Building roadmap to industry 4.0
- Smart Factory in Industry 4.0
- Strategy to improve profit and productivity in the era of Industry 4.0

Data Management

- Digitalization of production data
- Digitalization of inventory data
- Digitalization of maintenance data
- Digitalization of supply chain

Demand Management

- Matching supply to demand
- Matching production capacity to sales plan
- Creating proper response strategy
- Designing manufacturing process
- Purchasing and Logistics

Maintenance Management

- Reducing maintenance cost
- Improving assets reliability
- Designing Preventive Maintenance System
- Setting up autonomous maintenance system

Quality Management

- Designing Quality Assurance Systems
- Setting up Built in Quality system
- Eliminating incoming material failure
- Reducing scrap, rework, and repair

Our Achievements (1)

Increased productivity by 23% without adding workers

Increased delivery date performance by 31%

Increased in-house capacity by 42% without adding production resources

Reduced direct labor force by 16% without reducing outputs

Reduced production rework by 67% by implementing Integrated Quality Management

Increased sales by 38% annually

Increased inventory turn over by 26%

Increased output by 55%

Reduced rework by 76 %

Our Achievements (2)

Built autonomous maintenance system

Reduced maintenance cost

Increased managerial skill

Built product development system.

Developed built in quality systems

Improved lead time of new product release

Coverage of our services :

- Consulting & Implementing
- In House Training
- Public Training
- Online Training

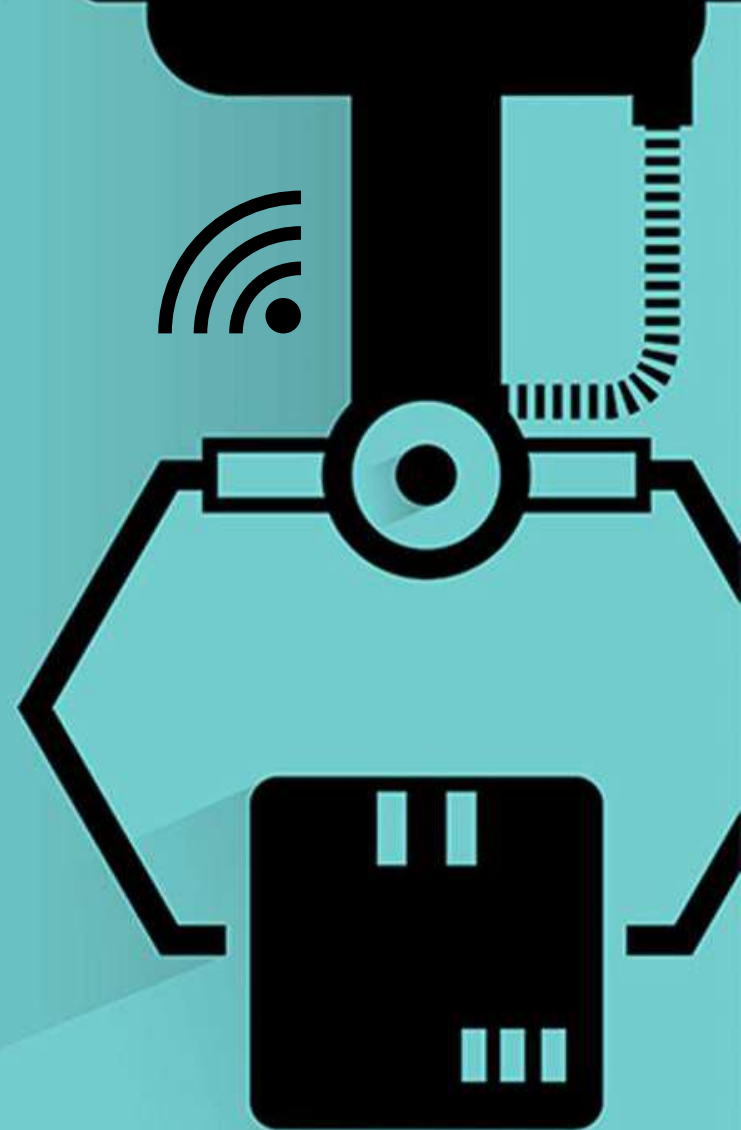

TRAINING PROGRAMS

INDUSTRY 4.0

- 1 Building Roadmap to Industry 4.0
- 2 Smart Factory Systems
- 3 Smart Factory Implementation

- 
- A background image showing a white robotic arm with three fingers pointing towards the center of the slide, positioned over a white surface with concentric circles.
- 1 Manufacturing Strategy & Competitiveness
 - 2 Integrated Manufacturing System
 - 3 Supply Chain Management
 - 4 Performance Management
 - 5 Quality Management
 - 6 Productivity Improvement
 - 7 Budgeting

TACTICAL MANUFACTURING MANAGEMENT

- 1 Production Planning & Inventory Control
- 2 Just In Time (JIT) Systems
- 3 Project Management
- 4 Cost Management
- 5 Inventory Management
- 6 Purchasing Management
- 7 Total Productive Maintenance
- 8 Statistical Quality Control

CUSTOMIZED TRAININGS

We provide customized trainings suited to your needs, specific requirements, situations, and problems within your organization.

Training Methodology

ADVIS Approach on Training

ADVIS consulting provides a full array of training. We offer introductory programs for awareness, but the majority of our training programs are focused on transferring skills and know-how to enable our clients to lead and sustain real in their organization.

Customized Workshop

ADVIS has developed a series of customized training programs to suit the different needs of any manufacturing organization.

System Improvement

ADVIS has developed a series of manufacturing strategy, tactic, and operational training programs to support the needs of manufacturing firms.

Each training module is arranged to suit the followings :

1. Transferring conceptual foundation
2. Creating the proper tool to improve client's performance

These programs integrate process and systems in supporting the client's desired operational model.

15

- Industry 4.0 System
- Data Management
- Internet of Things
- Artificial Intelligence & Machine Learning
- Network System
- Power Quality & Distribution

Course and Training :

The International Symposium on Electronic and Smart Device, Machine Learning in Python Language

Leadership and Management IAE Training , MATLAB Software, Advance English.

Advis Client Testimonies

This workshop is a necessity due to tight competition among industries. The contents of “Cost reduction strategy in manufacturing industries” workshop needs to be countinuously carried out .

**Endang Supriatna,
PPIC Manager
PT Indofood**

PT Advis Consulting Indonesia delivered relevant topic for the needs for improvement in my company.

I acquired very useful knowledge for sustainability of my company.

Training delivered concisely and clearly.

Good accomodatioan.

**Mahfid Adnan,
Production Manager
PT Aneka Tuna Indonesia**

Advis Client Testimonies

*Guidance from Advis Consulting is very easy to understand that enables us to enrich our knowledge to move our company forward.
Hope that this cooperation can be continued in the future in relevance with the needs of our company for better management systems.
May Allah SWT bless our partnership.*

R. Tati Hartati
Owner & CEO
Dannis Collection

*Covering real cases in industrial world. Right to the point.
Complete coverage so that can be joined by people across departments in an industry.*

Brian Lazuardi Tjahyanto
President Director
PT Wahana Kosmetika Indonesia

*The delivery of this workshop is very comprehensive.
Giving perspective from different point of view.*

Ratija
Production Manager
PT LEN Industri, Bandung
